Light Comedy At PM&L Theatre

P M & L's "Ready When You Are, C. B." opened last Friday evening, with solid performances given by its cast. The two-act comedy by Susan Slade was nicely paced, light and lively.

Mavourneen Scolaro as Annie and Robert Andersen as Jonas kept the set alive with a smooth handling of props and a believable delivery of lines. Carol Brandy as Fran played a pleasant foil to her friend, Annie. Gloria Davis, using a wardrobe so garish and colorful that each new costume seen by the audience brought forth chuckles, merrily romped through the role of Felicia. Onstage for an all-too-short ten minutes, Dee D'Iso, as Sadie, gave a fine interpretation of Jonas' Jewish

mother.

The script, which deals with the problems of a would-be actress who rents her apartment to a movie star, moves from one humorous bit of stage business to another. During the final act the mood of the play becomes serious as Annie realizes she must mature, and Jonas realizes his true identity.

Final performances of "Ready When You Are, C. B." will be given at the PM&L Theatre on Antioch's Main Street Friday, November 10, and Saturday, November 11. Curtain time will be at 8:30 p.m. Tickets may be obtained at the box office or by phoning 395-3613.

Playgoers who enjoy a good, modern comedy should plan to attend.

New Bakery Opens On Main Street

The bakery at 925 1/2 Main St., formerly Pedersen's Bakery, is re-opened under new management.

The bakery, now known as Little John's Butter Bakery, opened last Friday. They are closed Mondays and open the rest of the week.

The store is now owned and operated by Mae and John Crispino. The Crispinos operated a bakery in Roselle, Ill., for five years before coming to Antioch. They are living on Beach Grove Road near Antioch.

The Crispinos have four children: John, 21, Sharon, 20, both married; Ricky, 13, and Angel, 3. They also have two grandsons.

"We're delighted to be part of Antioch," the Crispinos said.

REMARKS: For 17 years our November snowfall has averaged 1.98 inches. Nine of those years we had a 1/2 inch or less. In 1951 we had 8 inches of snow by the 12th month and in 1959 we had 4 inches by the 12th with a total of 6.9 for the month. Last year we had less than 1/2-inch. I wonder what's in store for us this year? Thank goodness it was warm the early part of the week!

POST OFFICE CLOSED VETERANS DAY

Joseph Wolf, Postmaster, announces that the Antioch Post Office will be closed Veterans Day, November 11.

There will be no mail delivery or window service Saturday. The lobby will be open from 8:30 a.m. to 6 p.m.

Mail Early, Follow Rules

During the Christmas rush the postal service carries more mail in a month than most countries do in a year.

Postmaster Joseph Wolf asked that all area residents keep their sidewalks and rural mail boxes clear of snow and ice so that postal employees will not be delayed in delivering the large volume of mail.

In addition, he requested that all people sending mail to those living on rural routes include the box number in the address. This aids in the sorting of mail.

"We expect a record breaking nine billion pieces of mail to be delivered across the country this Christmas and cooperation by the mailing public in shopping and mailing early and the use of ZIP Codes will mean there is virtual assurance that all holiday mail will be delivered on time," he said.

Action On Drivers License

The office of Secretary of State Paul Powell has announced the following actions affecting local drivers: the drivers license of Niels H. Nielsen, 60 Hennings Court, Antioch, revoked for driving while intoxicated; the license of Richard C. Anderson, Loon Lake, Antioch, suspended following three violations.

Sixteen File For Jr. College Board

Sixteen person have filed as candidates for election to the board of Lake County's new junior college. A total of 35 petitions were taken out.

Filing opened at 9:30 a.m. November 1. Fifteen persons filed on that date.

The only candidate from Antioch so far is Thomas E. Smith, Rt. 3, Antioch.

The candidates, in the order in which they filed petitions, are: Mrs. Phyllis E. Ball, 318 Ridgeland Ave., Waukegan; F. James Lumber, 112 Lincoln St., Round Lake; Louis W. Brydges, 2528 Poplar St., Waukegan; Eugene Hendrix, 925 Ash St., Waukegan; Norman Drummond, 1110 Grove Ave., Waukegan; Thomas D. Bennett, 1414 Ford Ave., Zion; Thomas Smith, Antioch; Charles E. Guest Conductor For ACHS Concert

Dan Hanna, well-known music educator and conductor, will be guest conductor for the Fall Concert of the Antioch High School Band.

The Fine Arts Department of the high school is presenting its fall concert at 8 p.m. Friday, November 17, in the high school auditorium.

Director Joseph Rush promises a varied program that will provide enjoyment for everyone who attends the concert.

Mr. Hanna, the guest conductor, is director of bands and associate professor of music education at DePauw University in Greencastle, Indiana. Born in Greencastle, in 1923, he received his B.A. and M.A. degrees at DePauw and later taught instrumental music in the public schools of Andalusia, Alabama.

Mr. Hanna has authored articles on various phases of the band curriculum which have appeared in the Instrumentalist Magazine and the School Musician.

A member of the College Band Directors National Association, he was formerly Indiana State chairman for this group. He is also a member of the Music Educators National Conference, a charter member of the Indiana Bandmasters Assn., and a member of the board of directors of the Indiana Music Educators Assn. Professor Hanna, during 1962-63, served as president of the Indiana Bandmasters Assn.

Tickets are now on sale by members of the Concert Band, and will be on sale at the door beginning at 7:30 p.m. Nov. 17.

Dan Hanna will be a Guest Conductor at the Antioch High School Fall Concert. Program on page 3

Sale Of Seals To Buy Christmas Gifts

If you want to help buy a Christmas present for a soldier from the Antioch area who is serving in Viet Nam, buy—and use—some of the stickers now on sale in various business places around Antioch.

All proceeds from sale of the seals goes into a special fund to send a Christmas package to each man from this area who is serving in Viet Nam.

The project is a part of Project Viet Nam, but the extra expense is being paid for by the sale of special stickers. It is hoped that \$10 can be spent on each package. As there are about 50 young men from this area now in Viet Nam, that means that about \$500 must be raised.

Sale of the stickers is going well. There are 32 on a sheet, and they sell for 50c. Two new names were added to the list of Antioch men serving in Viet Nam this week. They are Pfc. Frank Marotta and Lt. David L. Talbott.

In addition to the Christmas packages that are being planned, packages continue to go regularly to all Antioch men in Viet Nam. Each package contains a variety of useful items, including Kool Aid, dehydrated soup, pens, paper, playing cards, paperback books and many other items.

The men at the Antioch Post Office received a let-

To Advertise for Bids On Polishing Pond

The Antioch village board Tuesday voted to advertise for bids for the excavating of the polishing pond adjacent to the sewerage plant.

Village engineer Frank Angelotti was authorized to send plans for the pond to the Sanitary Water Board for approval. The bids on excavating and shaping the pond, and removing the dirt, will be opened at the December 5th meeting.

Mayor Ray Toft said at least two persons were willing to buy some of the dirt from the village, which would substantially reduce the cost of the project. There was discussion of the possibility of excavating a portion of the pond now, under this arrangement, and finishing the job in the spring. However, engineer Angelotti pointed out, this would create a hazard which would have to be fenced in, and might complicate the job.

NO BEER LICENSE

Trustee Richard Radke announced that the owners of the new Certified Food Store to be opened soon on Lake St. had requested a beer license.

The liquor ordinance limits beer licenses to one to every 3,000 of population. At present, the only such license in the village is held by the Jewel Food Store.

The population of the village, as shown by the 1965 census, is 2,778. Attorney Edward Jacobs suggested that, in his belief, the population of the village now exceeds 3,000. The last census, he pointed out, was taken at village expense, to gain extra revenue from the Motor Fuel tax money. The village received \$5 per person from this tax.

If trustees wished to issue the license, Jacobs said, they might consider taking another census, with Certified paying two-thirds of the cost. The village would gain Motor Fuel tax money from the population increase, if any. Attorney Jacobs said that if the census showed a population of 3,001 the second license could be issued. In the meantime, a provisional license could be issued to Certified, subject to census results.

However, when the matter

was put to a vote, the board voted, four to two, not to issue the license. Trustees Meierdick, Walsh, Burnette and Barnstable voted against issuing the license.

SIREN PAID FOR

Civil Defense Director Edward Frazier presented the board with a check for \$790.16, reimbursement from the Civil Defense Agency for one-half the cost of the disaster warning siren. Frazier pointed out that the village had requested \$710 reimbursement. The amount paid represented one-half the total cost of the siren, including the installation and labor.

Frazier asked that the board consider purchasing four monitor radios, costing \$128 each, for use by himself, the firemen, police, and answering service. The monitors would give immediate warning in event of possible tornado or disaster warning, he said. The local Civil Defense Agency at present has

no method of communication.

Mayor Toft said there was no money in the Civil Defense fund for the purchases. The check, he said, would have to be used to pay back a portion of the \$1,000 borrowed from the General Fund to purchase the siren.

MARCH OF DIMES TAG DAY

Mrs. Richard Burnette requested that the March of Dimes be allowed to hold a Tag Day on January 20. The board voted approval.

Mayor Ray Toft announced that a letter had been received from Donna MacHanes, thanking the board for allowing the Rainbow Girls to paint warning signs at crosswalks in the village.

The board accepted the sewers, storm sewers, water main, curb and gutter and road base on Westgate Subdivision, at the request of Bernard Osmond and on the recommendation of engineer

Ernak Angelotti.

The board also voted to reimburse Henry Sreli, Maplewood Drive, for \$55 in damages to his fence done by weed cutters hired by the village. The amount is to be deducted from payment due to the weed cutters from the village.

Quaker Industries had requested that they be allowed to install a 30" tile to drain excess water, in place of the open ditch which now drains the property. The tile would extend along the fence between Quaker and the high school property and would cross McMillen Road. Engineer Angelotti, Edgar Simonsen and the surface water committee were instructed to inspect the site and make a recommendation at the next board meeting.

The village Safety Commission requested that a Stop sign be installed on 1st St., at 1st and Highland, and that shrubs which obstruct the view at the home of Herbert Horton be removed. The attorney was instructed to add Stop signs at the designated spot, also at Windsor and Poplar, to the present ordinance.

Trustee Vern Barnstable announced that the cost to St. Stephen's Church of extending the water main to service the church would be \$1,636.65. Residents of Hennings Court, he said, will have to pay about the same amount specified in the special assessment for hook-on fees.

Veterans To Honor Comrades

Members of Antioch American Legion Post No. 748 will meet at the Legion Hall at 10:30 a.m. Saturday morning, and go to Hillside Cemetery to honor their dead comrades.

Each year a group of Antioch veterans are at the cemetery at 11 a.m. to fire a salute in memory of the dead veterans.

The Memorial meeting usually held at the Legion Hall in the evening will not be held this year, because the hall is in process of being remodeled.

37 Win Honors In State Test

Thirty-seven Antioch High School students were named as semifinalists in the Illinois State Scholarship tests. All semifinalists will receive application materials to be completed and returned to the Scholarship Commission for final consideration.

The winners will be announced in February, 1968. Monetary awards, to a maximum of \$1,000, or honorary awards, offering no financial assistance, will be granted on the basis of financial need.

Semifinalists from the Antioch area are: from Antioch, Russell Barthel, Rt. 4; Timothy Beushasen, 421 Maplewood; Kathleen Boston, Rt. 1; Irene Doyle, Rt. 2; Jeannine Dow, 200 Maplewood; Wendy Eberman, Rt. 3; Ellen Gaston, Rt. 1; Linda Grego, Rt. 5; Colleen Gross, Rt. 5; Richard Hart, Rt. 1; Joyce Herman, 451 Orchard; John Koziol, State Line Rd.; Kay Kuechenmeister, 1026 Bishop; Linda Latal, Rt. 2; Don

Program for Men Starts Thursday at Grass Lake School

A program of recreation for men will begin Thursday, November 9 (tonight) at Grass Lake School, Supt. John Schockmel has announced. The program will run from 7:30 p.m. to 9:30 p.m.

The program will be basically basketball with time for other activities depending on the wishes of the group. A fee of 50c will be charged per person at each session. Locker room and shower facilities will be available.

Break-Ins At Two Business Places

Antioch police are investigating break-ins at two business establishments at the corner of Rts. 59 and 173 last Thursday night.

Shoes by George and Don's Drive In were both entered by the burglars. Police Chief Harold Mason said about \$80 and merchandise were taken from the shoe store. At Don's Drive In, the burglars' only loot, apparently, was two sport coats and a 12-gauge shotgun.

The doors on both places were broken open.

More Cuts Needed

The President and Congress are waging a war, highly flavored with politics, over a raise in taxes vs. cutting the budget. Congress seems pretty determined that the budget must be cut somewhere, and every taxpayer will be hoping they stick to their guns.

The House has taken what should be a popular nip at the budget by cutting \$1 billion from the Foreign Aid program. It has always been difficult to understand why our government should ladle out billions in foreign aid while millions in this country go hungry.

Foreign Aid has certainly not purchased good will or respect for this country. There is no doubt that much of it has been wasted, and that much of it has been diverted to uses which certainly have not benefitted either those we sought to help, or even those who are friendly to us.

Even the most charitable taxpayers must feel rebellious at the thought of an additional 10 per cent income tax in a year when local taxes have soared, and promise to keep going up. Something has to give, and the middle income taxpayer is reaching a point of despair in his battle with his own budget, complicated by steadily rising taxes. Let's hope that the cut in Foreign Aid will be followed by cuts and economies in every appropriation. Maybe it will hurt, but the American taxpayer is not able to finance every dream of perfection and progress that men can dream up.

Freedom Is Not Free

On Saturday, November 11, the entire Nation will observe Veterans Day, 1967. Although the date was observed originally as the anniversary of the World War I armistice, the observance of Veterans Day 1967 is in no way a consecration of the memory of any past armed conflict.

The observance of Veterans Day 1967 will be more than an expression of esteem by America for her veterans. It will be even more than a demonstration of appreciation for a new generation of gallant Americans who serve the nation's purpose today.

Yes, Veterans Day 1967 will bring home to millions of Americans the fact that FREEDOM IS NOT FREE.

"The inescapable price of Freedom," said General Douglas MacArthur, "is the ability to preserve it from destruction."

How valuable is freedom? Ask the millions from Central Europe to Southeast Asia, to the Caribbean, who have fled the tyranny of godless communism. They seek that freedom—that individual dignity—which was bought by the courage of our Nation's founders and retained by heroism in equal portion to their courage by succeeding generations of Americans.

More than 20 million living Americans, from personal experience, know the price of our precious freedom.

No one hates war more than the war veteran. But that same veteran knows that the lofty goals of freedom, an honorable world peace, and recognition of individual human dignity cannot be attained while there are forces seeking to dominate the world through acts of aggression.

The observance of Veterans Day must be an expression of national unity—a message clearly understandable to those forces of aggression seeking signs of internal weakness. The citizens of Antioch can do their country a vital service by their participation in the Veterans Day program here.

In so doing, we will not only honor our veterans—our champions of freedom—but also acknowledge the price which must be paid on demand for our freedom. Let us further resolve by our participation in Veterans Day 1967 that our precious freedom shall be preserved and that we shall preserve in our defense of freedom's cause until that day dawns on a world blessed with an honorable peace.

Your Congressman Reports....

By Cong. Robert McClory

Several things need to be said about the recent "anti-war" demonstrations. This was not simply a spontaneous converging on Washington of protesters against the war in Vietnam, nor was it solely a gathering of long-haired, bearded "hippies." A number of reputable, and well-intentioned, groups participated—including the American Friends Service Committee, the Inter-University Christian Movement, the Catholic Peace Fellowship, the Jewish Peace Fellowship, the Southern Christian Leadership Conference, and the Women Strike for Peace.

However, some of the leadership of this massive demonstration were hardly representative of the legitimate and sincere protesters. Consider, for instance, David Dellinger, General Chairman of the coordinating group that sponsored the Washington demonstration, Dellinger and 40 other Americans are reported to have conferred with 35 North Vietnamese and Viet Cong leaders in Communist Czechoslovakia while they were preparing for the Washington march.

This preliminary meeting with Communist elements is particularly ominous when viewed in the context of subsequent events. Indeed, this pro-Communist participation with planners of the Washington "Peace March" helps to explain the well-organized, carefully executed demonstrations which were coordinated throughout the country and the world. It is frightening and yet clearly apparent that many of the demonstrators were directing their attacks—not against war, but—against orderly democratic systems of government in which our Nation assumes a leading role.

Of course, the "hippies" with their opposition to our established free enterprise system, and their apparent disdain for organized government, found the demonstration a perfect opportunity for exhibiting their strange attire and their disagreement with conventional society.

Certainly, another disturbing episode occurred when John Wilson, leader of SNCC, rose at the Lincoln Memorial to call for a silent tribute to the late Communist guerrilla fighter—Che Guevara. In this action, Wilson was expressing the universal views of Communist leaders who continue to seek the destruction of Western Free World society.

It is certainly more than a mere coincidence that demonstrators in Communist countries—supported of course, by their own governments—carried out their plan simultaneously, with marches against American embassies and in other ways.

It shocks the sensibilities of every thoughtful American that the flag of Communist North Vietnam should be displayed and honored before the heroic Statue of Abraham Lincoln, while, in Soviet Bloc nations, the hammer-and-sickle was flying in coordinated Communist demonstrations.

It has been reported that more than \$1 million was expended to maintain order and to protect life and property while the demonstrators purported to exercise their constitutional "right to protest." This expense includes cleaning up the offensive and sometimes—obscene, litter which the demonstrators left behind when the tumult finally ended. It would seem appropriate to ask by what right or authority protesters may burden a community or nation with their threats, ill manners and bad habits?

The recent Washington demonstration contrasted strikingly with the historic "Civil Rights March" of 1963. This orderly and nobly inspired event focused appropriate attention on the undemocratic denial of constitutional voting and other rights which were unattain-

Courthouse Notebook

BY LOU DURKIN

The Lake County Republican Central Committee took the first big step towards another candidate selection conference with the decision Monday to appoint a committee to determine the feasibility of a conclave similar to that held in 1966.

Central Committee Chairman Robert J. Milton tangoed gracefully with semantics in an effort to make sure no one would consider the proposal a suggestion for a nominating convention for county candidates.

The party leader talked of a Candidate Consideration Project and an Endorsement Conference but stopped just short of a Preferential Endorsement and Candidate Consideration Conferencing Convocation.

But a slating session by any name comes out the same: the Republican precinct committeemen who make up the Central Committee will meet and decide who should get the support of the regular party organization in the June primary.

Milton, who refrained from voting on the motion to appoint a committee to study the feasibility of another convention, is unabashedly in favor of such a move despite repeated declarations that the decision is in the hands of the committeemen.

Since the chairman will name the committee and since the chairman favors a slating caucus it is reasonable to suppose that the committee will return a recommendation in that vein.

Some changes in the rules of the slating process from 1966 can be anticipated, but basically the same procedure followed in the last primary will probably be offered by the committee for approval of the party organization.

There are two major differences in this year's proposal. First of all it will be decided well before the first day of filing and prospective candidates should be aware it is being planned. Secondly, all five county offices to be filled are held by incumbents who are eligible to seek re-election and probably will.

The lone exception could be Stanczak, although he lure of swank new offices in the new County Administration building may prompt him to consider another term in office.

There is no reason to suspect that Circuit Clerk Stephanie Sulthine, County Auditor John Darrow, County Recorder Frank Nustra, or County Coroner Orville (Pat) Clavey will not seek re-election.

In 1966 County Clerk Gar Leaf announced his retirement and Sheriff Charles Larson and County Treasurer Karl Berning could not by law succeed themselves in office so there were three wide open offices on the ballot along with Superintendent of Schools W. C. Petty, who was unopposed.

It would hardly be considered good politics for the Central Committee to deny an endorsement to any of the incumbents who might announce plans for re-election so a slating conclave or endorsement caucus would in any event be an empty gesture this year.

Unless, of course, the committee's recommendation called for endorsement at the state and national level in which case there could be some fireworks that could blow the whole plan apart.

If the Republicans do decide to endorse candidates at the county level in 1968 the precedent will have been established through the election process.

However, the so-called "anti-war" demonstrations make no such pretense of denial of constitutional rights. On the contrary, they appear to be massive, frightening efforts—sometimes with force—and ordinarily evidenced by unlawful conduct (destroying draft cards, desecrating the flag, trespassing, etc.).

It is about time that the legitimate religious and other groups opposed to the Vietnam War disassociate themselves from all disloyal, pro-Communist elements. This would be a wise move for the hippies, also. By permitting themselves to be duped and "used," these demonstrators for peace are giving unwitting aid and support to a dictatorial system which—should it prevail—would make these protesters its very first victims.

established solidly enough so that future primaries will be virtually settled in committee convention.

Milton, himself, would be the first to insist on the qualification "virtually" since he was endorsed for County Treasurer in 1966, but lost in the primary to Ray Sheahan when party leaders belatedly awoke to what was happening and vented their wrath on the chairman.

If these same leaders want to stop the convention move in 1968 now is the time to start contacting committeemen and giving them the word, not after the final vote has been cast.

As for the spear-carrying voters in the GOP they can rest assured they won't be bothered by any committeemen soliciting their advice.

Dear Editor:

The enclosed letter to Congressman McClory is in response to the article appearing in your October 26, 1967 issue regarding his Monday holiday bill. It is I believe self explanatory and I would be happy if you would care to reprint it. I would be ever so happy.

Yours truly

Congressman Robert

McClory

U. S. House of Representatives,

Washington, D.C.

Dear Congressman McClory:

I read with horror a current article in The Antioch

News stating that you sponsored a bill which would establish five national holidays on Mondays. I am against this measure generally and most particularly I am against redesigning George Washington's birthday as Presidents Day. Never in the history of Western man have so many owed so much to a single individual as we Americans owe George Washington. Instead of relegating his memory to the obscurity of a Presidents' Day, we should commemorate his birthday as a National and legal holiday. I know of no other country that does not do at least that much for its founder. Not only did this gentleman conceive of a free and independent country of self governed, he fought for it, and furthermore he won it. As any history teacher can tell you, had any one succeeded in disposing of George Washington in 1776, we would never have had a United States of America. He won it for us not in a single battle but thru many years of diligently applying the old fashioned virtues of self-discipline, devotion to duty and personal sacrifice for a cause he believed in.

Now having a national, legal holiday on February 22nd may not put any money in the pockets of the members of the U. S. Chamber of Commerce, but for God's sake, let us not forsake every principle we have for the almighty dollar. The American people are not so easily fooled, and therefore I question the statement that "this action is responsive to the overwhelming public demand for establishment of uniform Monday holidays." Already I can see the highway death toll climbing to new annual records. By virtue of the same argument used to contest the actual date of Washington's birth, and once having defeated the "particularly sensitive members from the

ANTI-POLLUTION BILL

Gov. Otto Kerner has signed into law S. B. 1794, which institutes strong new anti-pollution and water control procedures and responsibilities for the State of Illinois.

The bill creates penalties for violation of the anti-pollution law by requiring a minimum fine of \$1,000 a day and a maximum fine of \$10,000 a day and up to one year in prison for violators. Much of the bill concerns Lake Michigan, defining pollution of the lake and making such pollution unlawful. Surveys of the lake may be made regularly by the Sanitary Water Board.

In signing the bill sponsored by Sen. Arthur Gottschalk of Flossmoor, Governor Kerner pointed out that the bipartisan legislation includes strong and meaningful steps to combat pollution. He vetoed an earlier weak bill that had largely duplicated administrative practice but contained a long list of special exemptions.

"Serving the Lakes Region Since 1894"

Crime Is No. One Problem, Says Hoover

Today, thousands of Americans live in fear. They fear for their lives, the safety of their families, their homes, and their businesses. The cause of their fear is CRIME.

Without a doubt, crime is rapidly becoming our Nation's number one internal problem. For years, we have seen apologists, misguided sociologists, and well-meaning but misinformed public officials rationalize the spiraling crime rate and excuse criminal behavior. We have seen an apathetic public ignore the warning signals of surging criminality which is costing taxpayers an estimated \$27 billion annually. We have seen a criminal "feedback" caused by judicial leniencies, including pardons, paroles, and probation, which is a disgrace to our system of criminal justice. And we have seen loopholes, technicalities, and delays release hundreds of hardened, unrepentant criminals on the streets to prey again on the public while awaiting trial on easily provable charges.

Nearly 3 1/2 million crimes were reported in 1966, an 11 percent increase over 1965. Figures for the first 6 months of 1967 show a 17 percent increase above the 1966 totals for the same period. Is it any wonder that more and more people are living in fear of crime?

Let us examine some of the popular arguments by those who attempt to explain away our intolerable crime problem. First, we are told that

crime increases because our population continues to grow. This is true, but the volume of crime is up 62 percent since 1960 while our national population has risen only 9 percent during that period. Thus, crime is outstripping population growth by almost 7 to 1.

We are told that revised and improved reporting methods by law enforcement agencies result in more violations being reported. This contention carries no weight. Hundreds of departments which have had approved uniform crime reporting systems for years continue to have increases in all categories year after year with no change whatsoever in their reporting methods. These increases are attributable to only one thing—a rise in the volume of crime. Further, agencies which do update their reporting systems are not included in the national trend totals until they have established two comparable records under their revised setup. This is done to avoid any marked increase or decrease which may result from a change in reporting procedures.

And we are told that much of the rise in crime is caused by the extensive population growth of the crime-prone young age group. Here again we see shallow reasoning. The young-age-group population, 10 to 17 years, rose 19 percent during the 7-year period of 1960 through 1966. Arrests of persons in this group for serious crimes increased 54 percent during the same time.

No right-thinking person could oppose long-range programs to alleviate and eradicate conditions which breed crime. But the man, woman, and child on the street today are more concerned with their immediate safety. And rightly so, since the risk of their becoming victims of serious crime has risen 48 percent since 1960.

The young child who is criminally assaulted, the corner grocer who is repeatedly robbed, the elderly lady at the bus stop who is mugged and brutally beaten, and the thousands of others who are victimized each day by vicious thugs want instant as well as permanent relief. They, too, have rights. But their cries for help are frequently drowned out by the clamor for mercy and leniency for guilty lawbreakers who scoff at law and order and the rights of society.

Justice must extend beyond the courtroom back to the site where the victim's rights are violated. When the individual is no longer reasonably secure in his home and on the streets of his community, then justice is not served. Rather, the criminal is being favored at the expense of the law-abiding citizen.

Crime can no longer be shrouded by appeasement and rationalization. Its magnitude is frightening. Crime must be reduced by eliminating the huge profits and the soft justice which attract criminal-minded individuals. Avalanches of crime and terrorism cannot be tolerated in a society of free men. Either we win the war against crime or the priceless heritage which we cherish will be destroyed.

Full justice is needed—stern justice. We need justice which keeps the balance true and affords the law-abiding public an even break. We need justice which deals swiftly and surely with the criminal, convincing justice which means a quick arrest, prompt prosecution, and substantial punishment of the guilty lawbreaker.

ter of thanks from Jim O'Neil last week, expressing his gratitude for the packages he has received from Antioch through Project Viet Nam.

Jim writes:

I hope that my thanks can be given to all the people who contribute to the Vietnam Project. All the goodies that are sent are delicious, and the pens and writing materials are just what I needed. Just today I received another package. This one—Heath Miniature Chocolate Bars. Someone must be reading my mind back there. Sometimes it gets lonely here, and when I get a package, it sort of reminds me of how nice a town I live in, cause of so many of the charitable and considerate people who make it this way.

Everything here is going along well and normal. The weather is cooler now, because of the monsoon season. There isn't much else to tell you except thanks again.

Sincerely,
Jim O'Neil, A.N. USN

Over 5,000 of the special envelopes have been sold. They carry a message and picture declaring Antioch's support of the armed forces in Viet Nam.

Donors to the Viet Nam Project this week are Helen Wellman, Florence Baer, Frank ReCupido, State Bank, First National Bank, Mrs. B. J. Corbin, Mr. and Mrs. Verl Randall, Andrea Goode, George and Vi Shannon, Mrs. R. Allen Benjamin, Mrs. Wm. Dorrance, Mr. and Mrs. Wm. Goetz, Reeves Drugs, St. Peter's Church, Harold Wilson, Fred W. Mr. and Mrs. Ray Persson

Honeymoon In Mexico

By Mrs. Bernice Bernau

The marriage of Miss Clarice Rosemary Slove, daughter of Mr. and Mrs. John Slove, 2307 East Sunset Ln., Lindenhurst, to Raymond O. Persson, son of Mr. and Mrs. Ray Persson of Round Lake Park, took place September 23 in St. Mark's Lutheran Church, Lindenhurst. The Rev. Harold I. Nelson officiated at the double ring ceremony.

The bride was attended by Mrs. Douglas Andres of Wauconda, as matron of honor. Mrs. David Sherwood of Venedict Village was the bridesmaid.

Robert Nessenger of Round Lake was best man. Robert Fisher of Sun Rise Beach, Missouri, brother-in-law of the bridegroom and Kenneth Slove, Lindenhurst, brother of the bride, were ushers.

The bride wore a gown with a full skirt, organza over

bridal taffeta, chantilly lace top with a scalloped neckline and bridesmaid sleeves. Her bouffant illusion veil was held by a queen's crown of pearls and crystals. She carried two orchids surrounded by stephanotis.

Her attendants wore avocado chiffon floor length empire style gowns with long sleeves. They carried bouquets of white and yellow carnations.

A reception was held at the Rustic Manor, immediately following the 12 o'clock ceremony. Over 300 friends and relatives feted the newlyweds. The following day they flew to Mexico for a one week honeymoon.

Mrs. Persson is a 1964 graduate of Antioch High School. Her husband graduated from Round Lake High School in 1961. They are making their home at 211 Briar Lane, Lindenhurst.

American Legion Auxiliary News

By Del Jahneke

Mrs. Anton Johnson, Auxiliary Loan Fund - Education and Scholarship Chairman of the Antioch American Legion Auxiliary No. 748, will be presenting to the Antioch Community High School and the Antioch Township Library, copies of "NEED A LIFT?" published by the American Legion, in conjunction with 135 other organizations and educational institutions. This publication provides the student, parents, and school authorities with the most up-to-date listing of available scholarships furnished by industries, organizations, individuals, schools, and scholarship commissions. The monetary value and whether renewable; eligibility requirements, and how to apply for the scholarships are also included.

National Commander Wm. Galbraith of the American Legion is a former County Superintendent of Schools in Nebraska, and he states that particular emphasis will be on Education this year. Since National American Education Week is from November 5th through November 11th, the American Legion Auxiliary feels this is an opportune time to acquaint students with available scholarships.

Among the scholarship listed are the following offered by the American Legion Auxiliary: Ten National President's Scholarships in the amount of \$1,000 each will be given this year on a competitive basis to daughters of deceased veterans. Opportunity scholarships in the amounts of \$600 and \$350 will be given on the same basis by the Illinois Auxiliary.

Scholarships for daughters of living veterans in the amount of \$200 each will be

available, again on a competitive basis, from a special fund set up by the Illinois American Legion Auxiliary.

To help alleviate the critical shortage of nurses, the Past President's Parley of the Illinois Auxiliary offers scholarships of \$375 each to assist those girls interested in a nursing career. Mrs. Ray Rathmann, Antioch Unit Junior Past President, states that Antioch Unit is 100% in their Past President's Parley Program.

A scholarship is also available to a veteran or the son of a veteran, given by the American Legion Auxiliary, the amount to be determined by need and funds available for that purpose.

Mrs. Karl Heuer, Gurnee, is the 10th District Auxiliary Loan Chairman. A reminder that the Antioch Unit meeting is scheduled for Friday, November 10th, at the Antioch Legion Home, at 8 p.m., with Mrs. Bernard Stalick, President, conducting the meeting.

In Orchestra At University

Betty Liddle, daughter of Mr. and Mrs. Kenneth Liddle, 318 Highway 173, Antioch, is a member of the Illinois Wesleyan University Orchestra. Miss Liddle's instrument is the clarinet. She is a senior music major at Wesleyan and a 1964 graduate of Antioch Community High School. The Orchestra will present its first concert of the school year November 19 in Presser Hall, home of the School of Music.

Mrs. Harper has a Master of Music degree from Northwestern University and studied voice with Lilli Chookasian, now of the Metropolitan Opera Company in New York. Not only does Mrs. Harper teach voice at North Park College in Chicago, but she is also the director of the Opera Workshop there. She is contralto soloist at the Kenilworth Union Church in Kenilworth, Ill., and sings the High Holiday services at B'nai Torah Synagogue. During the summer, she is soloist at St. Mark's Lutheran Church in Lake Villa.

She has sung extensively in Chicago and vicinity in opera, oratorio and concerts and recently appeared on Channel WTTW. She is equally at home in popular music and for this concert will do selections from "My Fair Lady," "Finian's Rainbow," and "Carousel" as well as spirituals and folk songs.

Director of the concert will be Clifford Gooch of Chicago, with his wife, Harriet, accompanying both the choir and Mrs. Harper. Tickets will be available at the door.

Career Day Set For December 7

On December 7, students at Salem Central High School will have an opportunity to listen to people in industry, in professions, and in trades regarding the advantages and some interesting highlights of their work.

All students are able to attend at least three half-hour sessions with these people, who donate their services.

The Community Club will serve lunch to the speakers, and hostesses of the club will be on hand.

Only electric dryers give you the same kind of gentle heat you get from the sun.

The sun, most people agree, was a pretty bright idea. Hard to improve on.

A little hard to count on, too. Which could be annoying on a rainy day to a woman with two weeks' worth of laundry fresh out of the washer.

So somebody had a bright new idea of his own—the electric clothes dryer. One that would dry clothes fast—and with controlled, flameless heat. Radiant heat, like sunshine.

Now all the little lady has to do is dial the heat she wants—electrically. No worry about scorching, harsh over-drying, fumes, combustion by-products, grayed whites, faded colors, and all like that. Just nice, clean, dry clothes for her family, that's what she's got. And she loves it.

Which gives us a certain glow of satisfaction, too. Being able to bring a little sunshine into an otherwise gray washday.

But then, that's the sort of thing we've been doing for years. Brightening people's lives—the best we can. Commonwealth Edison Company

Taking New Route May Mean Safer Driving

Have you changed your route of driving to and from work during the past few years?

It's a good idea, says the Chicago Motor Club-AAA. A change serves to keep the driver more alert.

Many drivers have been using the same streets for years. They jump into their cars in the morning, tune in on the "old habit guidance system" and settle back to endure the usual delays and surroundings.

The motor club points out that route changing, if at all possible, can add a little fun and safety to your daily driving routine. Picking a new way to work will force you to concentrate on getting where you are going and might even result in a safer, quicker trip.

How should you select the best route? Obviously, the "shortest distance between two points is a straight line" applies only to camel drivers on the desert. And even they are influenced by oases along the way.

The length of the route is not always the determining factor in selecting the best path, either. For example, Route 1 is 10 miles long and the average speed for the route is 20 miles an hour while Route 2 is 15 miles and its speed is 45 miles an hour.

Use Caution If Driving At Night

To avoid accidents at night we must change our driving habits, says the Lake County Safety Commission. With the longer hours of darkness in fall and winter, traffic hazards increase. At night, a defensive driver will allow more distance for stopping and widen the gap when following other vehicles. He will use caution when backing or turning.

Night driving requires wise use of headlights. Be sure to dim your lights when meeting or following another car. Never drive with parking lights! Their smaller size misleads other drivers and you appear farther away than you are. And besides, it's against the law!

When you drive at night, make it easy for other drivers to see you, says the Lake County Safety Commission. Turn on your headlights at dusk and dawn! In case of a breakdown, pull off the road and turn on all your lights. If your lights are burned out use a flare or a flashlight to warn other motorists.

When driving at night avoid steady driving during your usual bedtime. Remember, you are less alert at that time. Drinking will only add to your troubles by further reducing your alertness and your ability to make quick decisions.

Night driving demands more caution. The most dangerous hours are between five and eight in the evening. Remember, you can't see as well at night. Slow down at sundown. Drive 10 miles slower than you would in daytime. Increase following distance and watch that car ahead. The L. C. Safety Commission says accidents increase when we hurry.

School Heads Seek Solutions To Problems

Local school officials who met recently to discuss common problems decided to hold another meeting within a month to discuss taking concerted action to meet the problems.

Superintendents of elementary schools which feed into Antioch Community High School met with Superintendent Albert Dittman and members of his staff at a luncheon meeting at the high school recently. Normally, the meetings are held about four times a year.

At the recent meeting, it was decided that Supt. Dittman should take a survey among the elementary school administrators to determine which problems they felt were most important. The group agreed to meet again in about a month and discuss possible concerted action of the group to deal with the more pressing problems.

Music Center Has Schedule Of Movies

An exciting season of educational and fascinating movies for children (ages four through twelve) is promised by the Women's Auxiliary of The Music Center of Lake County, Inc., as the film program enters its fourth year.

The movies, designed to stretch the dimensions of a children's world, will continue to be held in the Little Theatre of the West Campus of Waukegan Township high school.

First showing in the series of five Saturdays will be November 18 at 10:30 a.m., 1:00 p.m. and 3:00 p.m.

For tickets write or telephone The Music Center, 1917 N. Sheridan Rd., Bowen Park, Waukegan, or Mrs. Jules Altberg at 2930 W. Bonnie Brook Lane, Waukegan.

Four enchanting movies will be shown Nov. 18. They are The Tale of Ostard the Dragon, based on a children's poem by Ogden Nash; Joy of Winter, which describes the wonderful things children do in the winter; Symmetry and Paddle to the Sea.

Tickets will be sold at the door if any of the three time periods is not a sellout.

GOP Women Plan To Win In Lake County

"Winning in Lake County" is the theme of the 3rd Annual Republican Central Committee. The day-long meeting is planned for Friday, November 17 at Illinois Beach State Park Lodge in Zion.

Robert J. Milton of Lake Forest, Lake County Republican Chairman, and Mrs. Richard C. Reed of Deerfield, County Chairwoman, are in charge of arrangements. Mrs. J. Ralph Peak, Barrington, National Committeewoman for Illinois, will be a special guest.

The conference program will include a practical analysis of "Winning in Lake County" by Milton; "Analysis of Organization" by H. "Sam" Robinson, Deerfield, Secretary of the Lake County Republican Central Committee; "Vote Center - Lake County," by Truman Gerresen, County Clerk; "Party to People," fund-raising, by Francis J. Berry of Libertyville; and a publicity presentation, "Putting Your Best Republican Foot Forward."

Mrs. Reed will present plans and program for her newly organized 1978 Women's Campaign Committee. Serving on the committee are Mrs. William Schroeder, Ingleside; Mrs. John Clavey, Highland Park; Mrs. Kenneth Kerr, Fox Lake; Mrs. Benjamin Hilton, Grayslake, and Mrs. W. W. Hagnauer, Waukegan. Also participating in a Legislative panel, will be State Senators Robert Coulson, Waukegan, and Karl Berning, Deerfield; Reps. John Conolly, Waukegan; W. J. Murphy, Antioch; John H. PTA Sponsors Book Fair

The Antioch Grade School Parent and Teacher Association will sponsor a book fair on November 10. Books will be on display in the school gym.

The book fair committee invites all students, parents, and visitors to attend the fair. The fair will not only help spur interest in reading and building home libraries, but will also contribute to a worthwhile project.

The book fair display will include attractive new books from many publishers in all popular price ranges. All reading areas of interest to students will be represented including classics, fiction, biographies, adventure stories, science, nature, crafts, mystery and reference books, wonderful books to read or to give as gifts. The committee is working with Educational Reading Service, a professional book fair company, to furnish an individual selection of books for the fair.

File Early For Disability Benefits

"The element of time is involved in several ways in claims for disability insurance benefits under social security," Bernard Barnett, District Manager of the Waukegan Social Security Office, commented. Time first enters the picture in connection with the amount of time required to be eligible for disability benefits. For instance, the disabled person must have worked on a job covered by the Social Security Law for at least five years in the ten-year period ending with the date he became unable to work because of disability. The five years of work do not have to be consecutive. Next, there is a waiting period of six months after the person became unable to work, before benefits are actually payable. Finally, the illness or injury must be expected to last twelve or more months.

Barnett emphasized that if application for disability benefits is delayed too long, some benefits may be lost. On the other hand, there is no restriction as to how early after disability begins that a claim for benefits may be filed. As soon as it is believed that an illness or injury may last for twelve or more months, a claim for disability benefits is advisable. Even in doubtful cases, an application is worthwhile because it can ensure a prompt payment of the first check. "Delayed filing means delayed benefits," Barnett said.

The social security office for Lake County and most of McHenry County is located at 2500 Grand Avenue, Waukegan. Office hours are 8:45 a.m. to 4:45 p.m., Monday through Friday. In addition, the Waukegan office is open until 8:00 p.m. on Monday evenings.

Total Purchase Of U.S. Savings Bonds

Lake county residents purchased a total of \$990,450 in Series E and H United States savings bonds and Freedom Shares in September according to Philipp L. Speidel, Lake Forest, general county chairman of the savings bonds committee.

Purchases in the state of Illinois were \$25,584,718 according to Arnold J. Rauen, state director of the Treasury Department's savings bonds division. This is 7.7% below the total for last September and accounts for 7.3% of national sales which were \$349,000,000. As of September 30 the dollar amount outstanding was slightly over \$51 billion, or 24% of the publicly held portion of the public debt as of August 31.

Careless Parents Can Be Danger In School Area

School Safety Patrol boys and girls have taken to their posts, protecting their classmates as they walk to and from school, but thoughtless parents may be making their job difficult when driving into the school area, according to the Chicago Motor Club-AAA.

Gerald W. Cavanagh, CMC president, appealed to parents to follow some basic safety rules when they drive their children to and from school.

"Parents can be serious traffic hazards around school buildings and school bus stops where there is a heavy concentration of child traffic," Cavanagh said. "Without meaning to, they can be very thoughtless."

Cavanagh listed 10 rules for parents who must drive their children to or from school:

1. Drive children to and from school only if absolutely necessary. Going to and from school on their own can teach children self-reliance and better prepare them to meet other everyday problems.

2. Wherever possible pool rides with neighbors to reduce the number of cars going to and from school areas.

3. Have a designated location to meet your child. This should be on the school side of the street, away from the crosswalk or corner and, if possible, on a different side of the school building from that which the pedestrian children are using. Let your child out at the same

Form Local Chapter of Alcoholics Anonymous

Alcoholism is a major health problem which affects one of each fifteen persons who drink. One means of coping with the ravages of alcoholism has been found in the program of the fellowship of Alcoholics Anonymous.

One such group is being formed in Antioch. It will meet on Friday evenings, at 8:30 p.m., in St. Peter's Parish Hall. The first meeting of the group will be held Friday, Dec. 1, at 8:30 p.m.

This will be an "open" meeting, in that all persons interested in the problem of alcoholism or in obtaining help for themselves, a friend, or a loved one are invited to attend. This invitation is intended to include the clergy of all faiths, the professional, medical, legal and law enforcement people, and any persons concerned about the public health and community welfare.

The program will consist of AA and Alano speakers followed by refreshments. Any person who may wish further information, may phone 395-4013, in the evening or 414-877-3203 or 414-843-2897.

Alcoholics Anonymous is a fellowship of men and women who share their experience, strength and hope with each other that they may solve their common problem and help others to recover from alcoholism.

The only requirement for membership is a desire to stop drinking. There are no dues for AA membership. The organization is self-supporting through contributions of members.

AA is not allied with any sect, denomination, politics, organization or institution; does not wish to engage in any controversy, neither endorses nor opposes any causes.

The primary purpose of the members is to stay sober and help other alcoholics to achieve sobriety.

In the past thirty years, since its inception by two ex-drunks, AA membership has grown to approximately 400,000 sober members. AA

groups may be found throughout this country, and in eighty foreign countries. Their literature is published in a dozen languages.

Start Mailing Auto Plates

Mailing of 1968 motor vehicle license plates has begun, Secretary of State Paul Powell has announced.

The first shipment of plates, representing re-assigned numbers and numbers assigned in response to special requests, was delivered to the Springfield post office on November 2, the earliest in history, he said.

This marks the second consecutive year that Mr. Powell had advanced the initial mailing date. Last year, mailing began on November 11, and prior to then, mailing had always begun on December 1.

The first series of plates to be mailed bear numbers made up of digits only. When mailing of that series is completed, numbers beginning with AA will be mailed, and the alphabetical sequence will be followed from then on.

Secretary Powell said he has asked that every effort be made to have all reassigned numbers in the mail by Dec. 1, so that they may be delivered before the heavy Christmas mail begins.

Both Mr. Powell and Postmaster McElroy said they were more than pleased at motorists' use of zip codes on their applications, as this will expedite delivery of the plates.

Mr. Powell further advised motorists not to display the 1968 plates before December 1, 1967, because of the penalties which will be imposed by law if they are displayed earlier.

County Farms Enter Stock In Exposition

Many prominent Lake County farms will be represented this year in the competitions of the International Live Stock Exposition, which will be held in the International Amphitheatre at the Chicago Stock Yards November 17 to 26.

Elmwood Farms at Antioch, owned by Robert V. Rasmussen, of Lake Forest, is sending a show herd of 13 purebred Holstein cattle for the contest of this breed in which they have won many top awards at the International show in past years.

Wm. Duncan, Lake Villa, has entered a show flock of 13 purebred Oxford Sheep; and E. L. Frederick, Grayslake and J. D. Allen, Lake Zurich, will be showing purebred Shropshire and Hampshire sheep. The Allied Mills Farm at Libertyville, will be represented by swine entries; and the Imperial Yorkshire Farm at Wadsworth will also be showing hogs.

Tempel Farms, Wadsworth is sending a show herd of purebred Shorthorn cattle; and Picket Fence Farm and Chandora Farms, both near

Grayslake, and Red Top Farms, Mundelein, have entered purebred Angus cattle in this event which will celebrate its 68th anniversary this year as the country's leading stock show.

Officials of the exposition predict record turnouts in many breeds based on the heavy volume of early entries. A total of more than 7,000 head is anticipated for the competitions that will feature 37 different breeds of cattle, horses, sheep and swine.

23 Earn Football Letters

Coach Roy Nelson has announced that twenty-five football players earned their letters this year.

The boys who will receive letters are Greg Drije, John Meyer, Ralph Zanc, Steve Owens, Tony Barnett, Dave Camp, Bill Blecke, Larry Davis, Bill Nader, Fred Koch, Joe Pass, Jim Shore, Mike Wells, Don Gaa, Alan Channell, Mike Patterson, Chuck Hollocher, Dan Smith, Mike Mazer, Don Effinger, Larry Ryan, Karl Jennrich, Bob Deimer, Jim Carlson and Bill Revell.

Takes Third In Tourney

Jane Hartman, who bowls in the Ladies Classic league at the Antioch Bowl, took third place in the "600" tournament recently.

Jane rolled 567 actual, 636 with handicap, to win the third-place spot. Mary Jane Browne won the tournament with a 622 series, 674 with handicap.

The tourney was held for members of the 600 Club, made up of women who have bowled a sanctioned 600 series.

Wells, Larry Davis, Tony Barnett, Alan Channell, assistant coach Jim Erdmann. Back row, Coach Roy Nelson, Karl Jennrich, Dan Smith, Steve Owens, Larry Ryan, Don Effinger, Bill Nader, Jim Shore, Bill Dow, Bill Revell, and Jim Dalgaard. Not present when picture was taken, Managers Frank Zeman and Dave Blagg.

Tie Game Puts Sequoits Third In Conference

Two offside by Antioch players resulted in Round Lake's finally making good on the PAT after their second touchdown, and a final tie score of 14-14.

Saturday's tie with Round Lake put Antioch in third place in the conference standings, with Lake Forest in first and Round Lake in second.

This was the final game of the season for the Sequoits. They finished the season with a conference record of 4 wins, two losses and one tie. The losses were to Lake Forest and Grant.

Joe Pass, Antioch's center, was declared the most valuable player on the Sequoits team in Saturday's game. Jim Carlson was named as Most Improved Player for the season; Mike Mazer as Most Valuable, and Karl Jennrich was Honorary Captain Saturday.

All the scoring in Saturday's game came in the first two quarters with each team scoring a touchdown in each quarter. Antioch started activities with a touchdown drive that started with the kick-off.

Ralph Zanc received Round Lake's kickoff on the Antioch 23, and returned it to Antioch's 32-yard line. From there, the Sequoits drove to Round Lake's 11-yard line, where Larry Davis ran the ball off right tackle to the TD. The PAT kicked by Don Effinger was good, and Antioch held the lead, 7-0.

Round Lake took the kick-off after the TD on their own 21-yard line, and returned it to their 36. They drove from there to Antioch's 16-yard line, and scored on a pass with 4:11 left in the quarter.

Round Lake took the lead in the second quarter after intercepting an Antioch pass. Round Lake drove to the Antioch one-yard line, and carried the ball over on a plunge at right tackle.

Two PAT kicks by Round Lake were no good, and were nullified by calls of offside on Antioch. On the third attempt, Round Lake dived through right tackle for the point, and the score was Round Lake 14, Antioch 7.

The Sequoits evened the score quickly. The kickoff was returned by Steve Owens from the Antioch 16-yard line to the 26. A 67 yard pass from Owens to Dave Camp resulted in Antioch's second TD. Don Effinger kicked the extra point, evening up the score at 14-14.

Neither team could score in the second half.

The Sequoits out-gained Round Lake, piling up 388 yards to Round Lake's 289.

"I sure hate to lose these boys," Coach Roy Nelson said of the seniors who played their last game Saturday. "Boys like Greg Drije, Blecke, Davis, Smith—they've come through for me repeatedly. Pass, Jennrich, Mazer, Nader, Wells, Channell—we'll miss them next year."

"We've got a lot of good boys coming back next year, plus a good bunch coming up

from the sophomore team. This John Meyer, he'll be a senior next year. 5'7" and 130 pounds, and he's in there fighting every time I put him in. Give me a week's rest to say Hello to my wife and family and I'll be ready to start all over."

No Limit On Game At Shoot

By Harry H. Stern

A big flight of ducks is expected Sunday, November 12, on the west side of Pistakee Bay, and shooters may take as many as they can, without regard to legal limits—at the McHenry Sportsmen's Club's Autumn Duck Shoot. Plump, juicy young ducklings all cleaned and ready to pop in the oven will be the main prize attraction. Firing will start at 11 a.m. A hunting license is not necessary to take these quackers.

Shooters may also "hunt" for tender-aged JoPat steaks and fryers, with assurance of a full bag, in contests designed to make it possible for ordinary shooters to garner an equal share of the prizes against the hot-shots.

Single, double, triple and quintuple White Bird Shoots; Hi-Lo, Winner Take All, Protection and Annie Oakley Shoots will be on the day's program of events.

A practice session running from 1 to 4 p.m. on Saturday, the 11th, will enable gunners to sharpen for the big day. The club still pays \$2 to shooters who break "25 straight" at these classes.

Trap chairman Wally Manz, Fox Lake, posted the following schedule for November, in addition to the dates above:

Saturday, 18—Practice shooting—1 to 4 p.m.
Saturday 25—Practice shooting—1 to 4 p.m.
Sunday 26—Prize shoot—11 a.m. until dark.

Shells and hot refreshments will be available in the warm clubhouse all day long. To reach the club from the east, go west on Route 134 Big Hollow Road to its western terminus, then a right turn for one-half mile. From McHenry it is north on Chapel Hill Road to Adams Repair Shop, then a right turn to the "Y" and a left for one-half mile. From the west the route is through Johnsburg, across the Fox River to Adams Shop, then a left.

UNLOAD FIRST, BOATERS

Waterfowl hunters are required to transport their shotguns unloaded and in cases when going to or returning from their blinds in boats, the Illinois Department of Conservation announced. The recent change in hunting regulations is in the interest of safety and does not apply to boats tied up or anchored or boats brushed and used as blinds according to the Game Code.

A Word Of Thanks From Coach Nelson

Dear Editor:

By means of your newspaper, I would like to take this opportunity to publicly thank the many people and organizations who helped make the past football season a success.

To Coach Erdman, who handled the Varsity's offensive team, and for his assistance on and off the field.

To Coaches Hauptman, Tharp, and Hahn in "spotting" and their help diagraming the opposition's offense and defense. To Coaches DeRousse and Lischewski for their scouting reports and statistics.

To the members of the faculty for their time working on the gates, selling and collecting tickets, and for those working the scoreboard and the members of the "chain-gang". To Mr. Krahn and his fine group of students who spent long hours before and after each home game working at the concession stand.

To Joe Rush, the members of the band, the Color Guard for their half time entertainment. To the cheerleaders and the student body for their support, spirit, and cheers on and off the field.

For the constant up-keep and care of the field we owe our appreciation to Porter Larson and his crew, plus a "tip-of-the-hat" to Maurice Bowne.

This letter cannot be complete without a word of appreciation given to the Doctor's of both Medical Clinics and the members of the Rescue Squad who were on hand to aid any injured boy.

For his time spent drawing up contracts, for his help in ordering the best equipment, we owe our thanks to the Athletic Director, Mr. Lear.

Last, but not least, I wish to thank the parents for giving their sons the opportunity to play football.

Respectfully,

Roy Nelson, Varsity Coach

P.S. Congratulations to Coaches Hauptman and Tharp and the sophomore squad on their undefeated season and for making football history at ACHS.

Rifles To Host Racers

The Lake County Rifles have been on the march since July 5th. Saturday evening they will add one more campaign ribbon before concluding their '67 grid wars.

The Rifles host Milwaukee County's powerful West Allis Racers in the Central States Professional Football League Championship battle. The Rifles and the Racers are respective winners in their Southern and Northern Divisions.

The two clubs met just once this season, it was a defensive foray that found West Allis scoring a touchdown in the final quarter and holding on to win a 6-0 decision.

This was the lone defeat suffered by the Lake County eleven this year. The Rifles played without the services of their star quarterback Lew Flinn. Flinn has since returned to the Rifle fold and enhanced the Lake Countians chances of repeating as CSFL Champs.

Stopping the highly regarded Racers will be no easy chore for the local contingent. West Allis boasts a number of fine ball players, led by quarterback Jon Wilson of Lake Forest U. Wilson broke all of Karl Swetan and Norm Sneed's passing records at the North Carolina School last year. Mike Heckle and U. of Wis-

consin full back Tom Jankowski add to the Racer running game.

Their defensive unit is led by last year's Badger captain, Mob Richter. Richter is a corner linebacker who employed with middle linebacker Dan Celoni and defensive halfback Jerry McKinney will provide formidable opposition for the Rifles.

The defending Champion Rifles will be operating without their starting corner linebacker Bob Cook. Cook was injured in the Racine game and will be sidelined for the title tilt. Ron Curry of Bradley U. has been recalled from the injured reserve list to replace Cook.

With the rest of the Rifle team intact, Saturday's game promises to be a real donnybrook. Kickoff will be at 8 p.m. at Waukegan's Weiss Field. Tickets will be available at the gate or can be purchased by calling the Rifle ticket office at 566-6844. A giant halftime is planned for the game.

Forest City, N. C., Courier: "With the second and third generations of some families still on the welfare rolls, it's time to seek ways to get them off the public dole and onto their own two feet. They will never realize self-respect and initiative until they can stand on their own."

Sophs Set 1st No-Loss, No-Tie Record at ACHS

Antioch High's Sophomore football team made school history Saturday by finishing the season untied and unbeaten. The Sequoit Sophs are the first football team in the high school's history to win every game they played.

The Sophs beat Round Lake, 19-0, for their final victory. The Sequoits dominated play from the outset. They took the opening kick-off and marched 57 yards in four plays for their first touchdown. The score came on a ten-yard pass from quarterback Louie Nielsen to right end Erv Nevitt. The try for the extra point was no good.

This was the only score in the first half. However, the outcome of the game was never in doubt. Some costly penalties cancelled three possible TD's for the Sequoits in the first half.

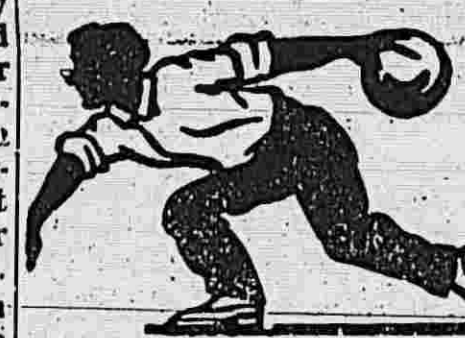

Kevin O'Neill started the second-half scoring for the Sophs when he scored from four yards out behind some brilliant blocking by Mike Ring and Ted Gruszecki with 5:35 left in the third quarter to make the score 12-0. Kevin also scored the extra point with Jim Jakob, Jim Polley and Rick Nelson supplying the blocking, to make the score 13-0.

Antioch's final score came after a bone-crushing tackle by linebacker Jim Rockow forced the Round Lake quarterback to fumble. Defensive tackle Ted Gruszecki became

the only Antioch lineman to score as he scooped up the fumble and rambled 19 yards for the TD. The try for the extra point failed, and the score was 19-0.

From this point on, the Antioch bench was cleared as every Sequoit again saw action.

The Sequoits' stubborn defense held Round Lake to a total gain of 106 yards.

Other boys who did an outstanding job were Terry Triplett and Rick LaChance. These two boys have done

outstanding jobs all season, both on offense and defense. Don Carlson did a good job at defensive end and Ron Ozga did his usual fine job at offensive center.

Coaches Hauptman and Tharp said they were well pleased with the performance of the boys.

Monday Night Tavern League November 6

Open Door Tavern continues to stay on top, with a pair of wins over DeeGae Lounge. "Blue" Harris (206-526) for Open Door. Chuck Schult 191-515 for DeeGae.

Art Wertz (179-205-204-588) paced Antioch Bowl to a couple of wins over Ed Lindstrom (199-544) and The Angels.

Brass Corners had little trouble taking three games from Paty's Lounge with Bob

Bock (238-559) leading the way.

In spite of Helvetia Hotel's ace, "Slash" Pea being on the side lines, they managed to win three games from Johnson's Petite Resort.

Joe Muskat 216-171-218-604, rolling the first 600 plus series in the league this season, led Red Arrow (609) to three wins over Old Orchard Tavern. Rolling for Red Arrow, Herb Meyer had two opens and ten strikes for a 233 game.

Cole's Tavern paced by Bernie Puig (181-539), showed their heels for three games to Kempf's Tavern.

Says Township Business Should Be Publicized

Township governments in Illinois should publicize the work they do and the powers they have, instead of operating almost in private, Samuel H. Shapiro, Lieutenant Governor, said.

Addressing the annual convention of Township Officials of Illinois, in the Pere Marquette Hotel in Peoria, Shapiro said the movement to abolish township government, already under way, will gain momentum unless township business is aired more openly.

"The 1,433 townships in Illinois which carry on government activities are pure democracies," said Shapiro. "The township is the only unit of government in which the people themselves are the legislators, deciding for themselves what to do with their own tax money."

"The voters decide at a township meeting each year how much taxes to levy for township roads and bridges, salaries of town officers, care

of the poor, compensation for assessors' deputies and other necessary expenses.

"We shouldn't have town meetings with only a dozen people there. It is a shame and a disgrace that township meetings seldom draw much of a crowd unless a scandal develops as it did in Stickney Township."

"Some Illinois townships have population exceeding 100,000. Yet, the residents pay little attention to their township government. Municipalities of equal size would be watched more closely and draw much more attention."

"Most people don't realize the townships handle relief of the poor, construction and maintenance of roads outside the municipalities, and assessment for their property taxes."

"A township government, if the people wish, can operate a hospital, a cemetery, a mental health clinic. It is only in recent years that the General Assembly made it

possible for a township to set up its own mental health program, but most people, and even some township officials, don't know it.

"There have been movements from time to time to abolish the township form of government. Constables and justices of the peace were abolished by the Judicial Amendment to the Constitution. There is growing sentiment for turning over the township roads, the assessment process and the general assistance programs to county governments."

"In too many townships, the two party system of politics is out of balance so there is not much incentive to criticize the party in power or try to change the incumbent officers. While this may stimulate stability, it depresses popular interest."

"Township government today in Illinois is far different than in the New England colonies of the 17th century. If it is to stay in business, it must communicate directly and frequently with the people it serves. Government must escape from a small room, or the people will do away with it."

Experts estimate that more than 5,000 lives would be saved each year in the U.S. if everyone used auto seat belts.

GOVERNOR'S CHRISTMAS PARTY

The annual Governor's Christmas party for the children of Central Illinois will be held Saturday, December 23.

The party will again be held at the Illinois State Armory and will get underway at about 9:30 a.m. Doors of the Armory will open at 8 o'clock.

Announcement of the event was made for the convenience of other civic and fraternal groups holding Christmas parties for youngsters.

The annual Christmas party was begun under the late Governor Henry Horner and has continued uninterrupted by each succeeding chief executive. Cost of the party is borne by the Democratic State Central Committee.

"America is the only country in the world where men get together to talk about hard times over a \$7 steak."

Illinois Bell Reduces Long-Distance Rates

New interstate long distance rates, which became effective Wednesday, Nov. 1, will enable Illinois Bell customers to save about \$7 million annually, the company said.

These savings, it was explained, will result from the nationwide rate reduction plan submitted to the Federal Communications Commission by the AT&T Company late in September. Overall, it provides for \$115 million in annual rate reductions and some small increases in charges for interstate calls of 24 miles or less. Net effect is \$100 million in annual customer savings.

The savings plan increases bargain rate hours so that lower charges will be in effect during 70 per cent of the week and introduces a new midnight-to-7 a.m. service. It provides for reductions for many "long-haul" calls of more than 468 miles, overseas calls and measured Wide Area Telephone Service (WATS). Night rates now apply for five holidays rather than three—July 4, Labor Day, Thanksgiving, Christmas and New Year's Day.

Here is a summary of the changes in calling hours during which bargain rates are in effect:

Saturday is added to Sunday as a 24-hour period when lower night rates apply. Maximum cost of a three-minute station-to-station call anywhere in the United States, except Hawaii and Alaska, is \$1 any time during the week end.

Evening rates for station-to-station calls are in effect from 5 p.m. Monday through Friday, rather than from 6 p.m. to 8 p.m.

Night rate periods for station-to-station calls are extended — from 7 p.m. to 7 a.m., Monday through Friday, rather than from 8 p.m. to 4:30 a.m. For week-day person-to-person calls, the night rate period becomes 5 p.m. to 7 a.m. rather than 6 p.m. to 4:30 a.m.

With the new midnight-to-7 a.m. service, 75 cents is the maximum rate for a three-minute, customer-dial-

ed station-to-station call anywhere in the United States, excepting Alaska and Hawaii. These late night rates are as much as 25 per cent below lowest present rates, but do not apply to credit card, collect, "third number" or coin-box calls. The requirement for customer dialing, however, will be waived for calls involving exchanges without direct dialing service and for customers physically unable to dial.

The company listed these reductions for longer-haul calls: The maximum daytime station-to-station rate for a three-minute call across the country drops from \$2 to \$1.75; maximum evening rate for three minutes drops from \$3.50 to \$3.30; the maximum night rate goes from \$3 to \$2.85.

None of the increases in interstate rates for calls of 24 miles or less, the company pointed out, exceeds five cents. In some cases, the initial talking period is decreased from four to three minutes. The increases, the company explained, were needed to improve the relationship between costs and charges for short-distance telephone calls.

She's Got A Problem

Dear Aunt Samantha:

I have a definite problem! I am a young and very attractive actress, but I make more money subletting my apartment than I do appearing in plays. Recently, I received an offer to rent my apartment to a Hollywood actor who is known as the "God of Love." He is willing to pay \$300 a week, but there is one slight detail which bothers me—he wants me to stay in the apartment with him! Since I normally receive only \$50 a week for renting out my apartment I am very tempted to accept. He promises that our relationship will be strictly platonic. Do you think I can trust him?

Wondering,
I wouldn't touch your

Number Of Public Employees On Increase

There were 11.5 million civilian public employees (Federal, State and local) in the U. S. in October 1966, or 890,000 more than a year before, the Taxpayers' Federation of Illinois noted in its weekly release. The increase was accounted for mainly by State and local governments, which had 8.6 million employees in October 1966 as against 8.0 million in October 1965. The Federal civilian employees increased by 273,000, to about 2.9 million.

Payrolls for such employees for October 1966 totaled \$5.5 billion, or about \$589 million more than for October 1965. The Federal Government's portion amounted to around \$1.7 billion, and payrolls of State and local governments were \$3.8 billion.

The number of public employees in Illinois in October 1966 totaled 552,105. Of this number there were 112,676 Federal employees, 103,102 State employees, and 336,327 local government workers. Such figures include both full-time and part-time employees.

As State and local governments throughout the nation have the greatest number of public employees, a further breakdown of data is interesting: School districts account for nearly one-third of all employment of State and local governments; municipalities and State governments each account for about one-fourth of the State-local total; counties have about one-eighth of all State and local government employees, while townships engage about 3.4% of the total and special districts (like fire protection districts) somewhat less.

The 336,327 local governmental employees in Illinois for October 1966 may be further enumerated as follows: 167,157 for school districts, 80,261 for municipalities, 33,974 for counties, 10,716 for township, and 44,220 for special districts.

States ranking ahead of Illinois in total number of civilian public employees for October 1966 were: California (1,220,402), New York (1,052,847), Pennsylvania (589,516) and Texas (580,227).

The Federation noted that some of the reasons for the spiraling of public payrolls are:

- (1) The public is demanding more and more "free" governmental services and aid.
- (2) New Federal instituted programs are being made available at a rapid pace.
- (3) An increasing population.
- (4) Failure on the part of both the taxpayer and government to tighten their belts on non-essential spending.

TEN MILES MORE INTERSTATE

A 10-mile section of Interstate 70 between Vandalia and Mulberry Grove was opened to traffic October 20 bringing to 950 the total mileage on the state's portion of the Interstate system open to traffic.

Interstate 70 enters Illinois at a point west of Terre Haute, Ind., and extends across the state to a connection with other Interstate routes in the East, St. Louis area.

Total mileage on Interstate 70 in Illinois is 160 miles. The new section of paving will bring to 101 the mileage on the route open to traffic.

Benefits To Veterans Increased

Vietnam era and older veterans and dependents in Illinois' 12th Congressional District are expected to receive an increase of \$1,365,840 benefits from the Veterans' Administration, Congressman Robert McClory reports. This sum will come into the 12th District during the next 12 months, according to VA estimates.

The added payments will reach veterans, their widows and children in various benefits provided by the Veterans' Pension and Readjustment Assistance Act of 1967, which was signed into law by President Johnson on August 31, 1967.

A major provision of the new G. I. Act was a cost of living pension increase. Congressman McClory said there are an estimated 7,490 veterans in the 12th Congressional District, to whom will come nearly \$422,120 of the added benefits under this provision. These increased benefits went into effect October 1.

Congressman McClory estimated that additional readjustment assistance for approximately 332 eligible veterans will cost about \$77,470 and the increase in educational and training benefits for more than 3358 eligible veterans and dependents totals approximately \$866,250 in the first year of operation of the new G. I. Bill.

Four other pension provisions of the new G. I. Bill were explained by Congressman McClory. These are:

Create a new "household" rate of \$100 a month, in lieu of basic pension rate for certain veterans under the old pension law;

Establish a new monthly allowance of \$50 in addition to pension otherwise payable to widows of veterans of all wars if they are in need of regular aid and assistance;

Presume permanent and total disability of veterans at age 65;

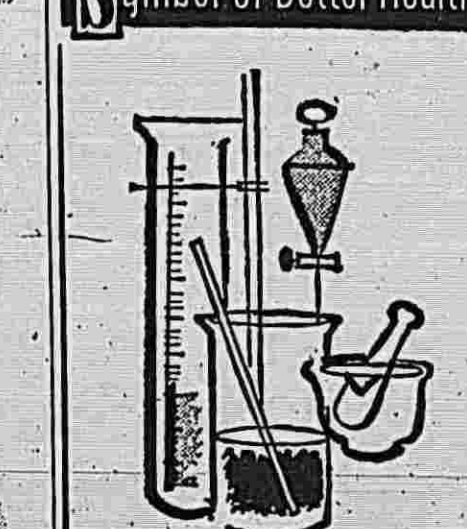

Presume the need of regular aid and attendance for pensioners in nursing homes. The range of benefits which have previously been authorized for veterans of the Korean Conflict is also provided for veterans serving in the Armed Forces during the Vietnam era, beginning on August 5, 1964, under the Veterans' Pension and Readjustment Assistance Act of 1967. There are nine distinct benefits in this expanded range, the Congressman said.

Congressman McClory suggested that veterans and their widows from the 12th District, as well as children of veterans, get in touch with any Veterans' Administration office to secure detailed information on the benefits and services to which they may be entitled under the new G. I. legislation.

Influenza has been known to man since ancient times. Italian astrologers thought it came from an influence of the heavenly bodies. That's why they used their word for influence, "influenza," as a name for the disease.

Q. What's the name of this meat-cut?

A. Pork arm steak.

Q. Where does it come from? How is it identified?

A. It comes from the shoulder section of pork and is sometimes referred to as a shoulder steak. The cut is distinguished by a round bone or arm bone, which gives the cut its name. It is this bone which makes this steak different from that with the blade bone which is long and slender.

Q. How is it prepared?

A. By braising or broiling. For braising, the pork arm steak is browned first in its own fat or in lard or drippings. The drippings are then poured off, and a small amount of liquid is added. A tight cover and approximately 45 to 60 minutes cooking time are needed for steaks cut 1/2 of an inch thick.

Pork steaks may be broiled indoors or out, provided temperature is kept moderate. When cut 1/2 inch thick, the total broiling time is 35 to 40 minutes. Turn frequently to assure even browning.

LOCK THOSE CAR DOORS!

Failure of car owners to close windows of their cars when parking, removing the ignition keys, then locking the car doors is not only the greatest single factor in car thefts today, it is also one of the major contributing causes of automobile accidents.

No estimate of damages done to the 557,000 cars stolen in 1966 could be made, insurance companies report, but it is estimated that the total value of the nearly 60,000 stolen cars which are not recovered amounts to more than \$65,000,000. Another \$33,000,000 loss is incurred by car owners as a result of the theft of property from cars parked without locked doors.

More than 90,000 stolen cars were involved in accidents in 1966, the Department of Justice reported in its continuing study of crime in the United States. At least 20% of these accidents caused injuries to one or more persons.

The department's report states that in 1966 sixty per cent of the cars stolen were left unattended with keys in the ignition. Eighty per cent of all stolen cars were left with the doors unlocked.

Form New Chorus, String Ensemble

A Lake County Youth String Ensemble and a newly formed Community Chorus will be offered by the Music Center of Lake County to community residents, it was announced recently by Robert Christensen, the School's director.

The Youth String Ensemble, which is open to any student in Lake County playing a string instrument, will be offered for the second consecutive year by the School. The group was formed by the Music Center in an effort to enhance string instruction in Lake County.

The instructor is George Swigart, violinist from Evanston. Mr. Swigart received his training at the Julliard School of Music in New York City as well as in West Berlin, Germany, and has played with the San Francisco Symphony Orchestra.

Students need not be registered for private study at the Music Center in order to participate in the String Ensemble.

The new Community Chorus will be conducted by Mr. Christensen. The chorus is open to any adult or high school student interested in singing. Persons need not have had any formal voice training to participate.

There will be a small, monthly due charge for participants of both groups to help defray expenses. Persons may join the groups at any time during the year.

The non-profit community music and arts school offers instruction on all orchestral instruments including piano, voice and guitar. Classes are

given in Theory, Music Appreciation, Drama, Dance and Art as well as Pre-School Music (Carl Orff Method for children 4-8 years of age). The present enrollment is over 300 students.

Tuition is assessed on the family's ability to pay according to a sliding rate scale.

The School is located at 1917 N. Sheridan Road, Bowen Park, Waukegan.

Persons interested in joining the String Ensemble, or the Community Chorus or learning more about the Music Center may phone the School at 244-4270.

LAW PROHIBITS FLAMMABLE ITEMS

Effective Jan. 1, 1968, the manufacture, sale and, in some instances, the use of or commerce in, flammable fabrics, dolls and toys will be prohibited in Illinois.

The flammable fabrics act, approved by Gov. Otto Kerner on July 24, 1967, specifically prohibits the manufacture in Illinois of such articles as wearing apparel, bedding, dolls and toys of materials so flammable as to be dangerous when worn or used. Importation into Illinois of such fabrics or toys and dolls also is prohibited.

The act establishes standards of flammability for wearing apparel, bedding, doll accessories and for dolls and toys generally. Any manufacturer convicted of violating the act or the rules and regulations now being established by the Division of Fire Prevention of the Department of Public Safety may be fined up to \$500 or imprisoned for one year or both.

Gas cooking makes sense.

Because you're in command with gas. When you turn it off, it's off. There's no hangover heat to scorch food or overheat your kitchen. And when you turn it on, it goes on to the exact shade of heat you want.

Because modern gas ranges are so colorful and beautifully designed, they add glamour to your kitchen.

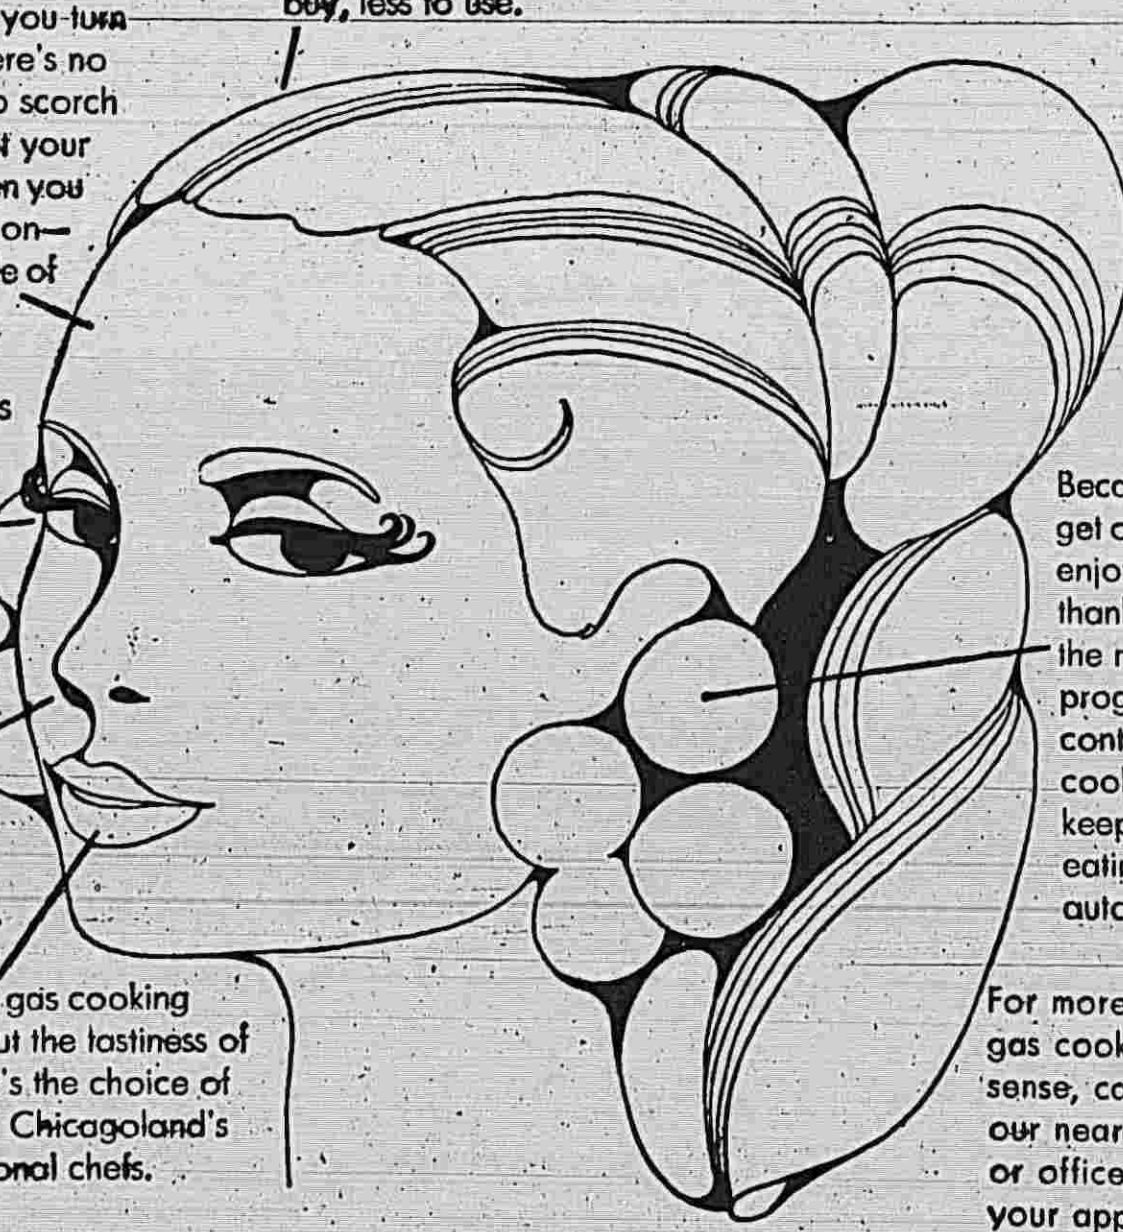

Because gas broiling is clean and smokeless. You broil with the oven door closed.

Because gas cooking brings out the tastiness of foods. It's the choice of 95% of Chicago's professional chefs.

Because today's new gas ranges give you more features per dollar than any other range—actually cost less to buy, less to use.

Because you can get out and enjoy life more, thanks to the many programmed controls that cook things and keep them eating-warm, automatically.

For more reasons why gas cooking makes sense, call or visit our nearest store or office, or see your appliance dealer.

Night-Owls

Helen Mindak had a "come as you are" party for her Canasta Club, "The Night Owls," last week. Instead of playing cards, they played games. Pumpkin pie, torte cake, cider, punch, and other goodies were served.

First Holy Communion

The children of Prince of Peace parish will make their First Holy Communion on Saturday, November 11, at the 9 o'clock Mass.

Altar and Rosary

The Altar and Rosary Sodality will receive Holy Communion next Sunday at the 8:00 o'clock Mass.

The Altar and Rosary Sodality is holding an auction on Nov. 8 at their monthly meeting, starting with Benediction at 7:30 p.m. All the ladies of the parish are invited to attend. Donations of any new articles, white elephants or bakery goods will

be appreciated. The entire proceeds will go to the medical missions. If you have any donations please call 356-2529, or bring them to the meeting.

In Service

Eighteen year old Robert L. Severs, son of Mr. and Mrs. Hubert B. Severs, 505 Piper Lane, Lake Villa, graduated from the Great Lakes Naval Training Center after completing nine weeks of basic training.

During the first weeks of his naval service he studied military subjects and lived under conditions similar to those he will encounter on his first ship or at his first shore station.

He received instruction under veteran Navy Petty Officers, while he underwent the transition from civilian life to Naval service. He studied seamanship, as well as survival techniques, military drill and other subjects.

Bridal Showers

Cathy Lee Brauer was guest of honor at four bridal showers during the past month. The girls at work gave her one last Monday,

and her aunt, Mrs. Virginia Affalter, 2413 Deerpath Dr., gave her one on Sept. 24, inviting the neighbors out here. And her maid of honor, Judy Sorenson, bridesmaids Mrs. Bonnie Bruski and Linda Carlson, had one for their young friends at Mrs. Bruski's home. Another was given by the groom-elect's family, the Donald Shearers in Northbrook.

Cathy Lee, daughter of Mr. and Mrs. Robert (Evelyn) Brauer, 242 S. Ironwood Dr., and Douglas J. Shearer, son of Mr. and Mrs. Donald M. Shearer, of Northbrook, will be married November 4 at St. Mark's Lutheran Church at 3:30 p.m. Cathy is a 1966 graduate of Antioch Community High School.

Illness

Mrs. Larry Manuel has been in South Dakota to visit her father who has been quite ill.

Mrs. Eleanor Johnson is reportedly getting along quite well after her recent surgery.

Halloween Party

Hilda Huntington, assisted by Dorothy Golden, gave their Campfire girls a Hal-

loween party Oct. 28, from 2 to 4 p.m. at Mrs. Huntington's home. Many prizes were given to winners of games, and a delicious lunch was served.

Cub Scout News

Ralph Stangel, Cubmaster, presented Activity badges to Webelos Tom Wismer, Gary Walter Johnson, Steve DuMelle, Eddie Halvey and Mitch Kleban, at Pack 84's meeting last month. Year pins were given to Mitch Kleban, Steve DuMelle and Gary Thompson. Frankie Anderson received a Denner Badge, L. E. Herdin received an Assistant Denner Badge.

Betty Paige, former Den Mother, was given a certificate of appreciation.

The boys and their families were then treated to a surprise Halloween party downstairs where they bobbed for apples and had cider and doughnuts.

Women's Club to Hold First Art & Craft Fair

The Lindhurst Women's Club will hold their first Art and Craft Show at the Lindhurst Civic Center, Sunday, Nov. 12, from 12 noon

until 6 p.m. Anyone can enter. If you paint, embroider, knit, make ceramics, wood crafts, sculpture, bake, etc., you may display or sell it. It is open to both men and women. For more information call Mrs. Ray Parpan, 356-2286 or Mrs. John Gibbons, 356-5479.

Election of officers will be held when the club meets Thursday, Nov. 9, at 8 p.m.

Members and guests are asked to dress for a "Hard Times" party. Prizes will be awarded. Refreshments are served during the meeting.

Men's Club

Bob Bunkelmann, Jack Kempher and Jerry Nordness were nominated for president at last Thursday night's meeting of the Lindhurst Men's Club. Jerry Sweeney and Ernie Garcia, vice president; Ray Parpan, secretary; and Ted Flanagan, treasurer. Parpan and Flanagan have accepted the offices for another year. Election will be held at the Dec. meeting.

Cub Scout Party

Eighteen cub scouts in Mrs. Marie Anderson's Den

3 and Mrs. Dorothy Golden's Den 4 enjoyed a Halloween party at the Golden home last Monday evening, starting with a 6 p.m. supper of hot dogs, chips, orange Kool-Aid, pumpkin cookies and orange popples.

Boys winning prizes at games were Ricky Coles, Rocky Olson, Mike Garcia, Michael Golden, Don Swanson. Brad Kleban and Rocky Olson received yo-yos as booty prizes. When the boys left at 8:15 p.m. they each received a pumpkin sucker and a bag of candy.

New Baby

Mr. and Mrs. Richard (Ruth) Stebbins, 97 Laurel Dr., welcomed their fourth child Nov. 3, at Victory Memorial Hospital. The other three children are John, Amy and Michael. The grandparents are Mr. and Mrs. Harlan Stebbins of Phoenix, Arizona, and Mr. and Mrs. Walter Labus, Jr., of Waukegan.

Sympathy Note

Sympathy is expressed to the Willett family in the passing of Mrs. Willett's mother.

Couples Club

The Couples Club of St. Mark Lutheran Church will have as their guests, wounded G.I.s from Great Lakes, at their Nov. 19th meeting. A Harvest Pot-luck supper will be served.

Luther League

Dr. Anner Tanner, St. Mark's guest for their four-day preaching-teaching-Reaching Mission, will be the guest speaker at the Luther League Sunday afternoon's supper meeting. Dr. Tanner will also speak at the 8:30 and 10:30 Family Worship services.

The P.T.R. service will be at 7:30 p.m. This mission has been looked forward to for almost a year. Everyone is invited.

Children Of Veterans Eligible For Benefits

Maximum age limit for children of certain veterans to receive Veterans Administration educational financial assistance is now 26.

John B. Naser, Manager of VA's Regional Office in Chicago, said today the liberalization was effective October 1 through a new law recently signed by the president. Eligible for this type of assistance under the War Orphans Educational Assistance program are the sons and daughters of veterans who died or were permanently and totally disabled as the result of service-connected injury or illness.

Mr. Naser explained they may receive grants from the VA up to \$130 a month for 36 months of approved, full-time college or vocational training. Lesser grants are paid for part-time training. Marriage does not bar children from the benefits if they are otherwise eligible.

Generally, benefits under this program are for students enrolling in college, universities and technical schools. Below-college courses may be taken only in schools which offer specialized training that will fit a student for a vocational goal.

we care

what kind
of coffeemaker
do you use?

It really doesn't matter.
Any coffeemaker can give you a good cup of coffee,
providing you use a fine fresh coffee
that is ground exactly right for your coffeemaker.
We've always known that the correct grind
is important to coffee flavor.
That's why, years ago, we developed Custom-Grinding.
That's why we don't have just one or two grinds
but seven different grinds... to fit any coffeemaker,
including electric percolators, of course,
(Ask for medium-fine grind for electrics).
Custom-Grinding means a little extra work for us
and a little extra time for you.
(It takes 15 seconds to grind a pound).
But what a difference in flavor those few seconds make.
You know, there's only one reason we insist
on selling custom-ground bean coffees... WE CARE.
